

**The Tauranga CBD is notable for its historical points of interest.**

The Elms Mission House in Mission Street is the oldest building in Tauranga. It stands on the site of the former Te Papa Mission Station. Although privately owned the public are welcome to walk around it during the day.

From Cliff Road you can visit the Mission Cemetery, Monmouth Redoubt, Robbins Park, the rose gardens and the subtropical display house.

There are walk/cycle paths across the harbour bridge and the Matapihi rail bridge.
