2. Amusement Device Information

I/We hereby make application for a permit to operate a

at

from to

and certify that, having regard to the situation in which the device is erected, it can be operated without danger to persons operating or using it or in its vicinity.

In support of this application, there is attached –

- **The device's certificate of registration** yes ..
- **A scaled site plan showing the footprint/dimensions of device, distance between device and fencing, fencing type and fencing fixings used** yes ..

Prior to issuing a permit Council must be satisfied that:

- An Engineer's report certifying the ground on which the device is erected is capable of supporting it without risk of subsidence
- There is sufficient clearance between any part of the device and any fixed or moving objects in its vicinity to prevent injury to any person when the device is in operation
- Protective fences or barriers are erected and must:
 - Be at least 1m high
 - Be constructed to effectively prevent any person from moving through it or under it
 - Remain stable against a horizontal force of 400 M (equivalent to 40kg of force)
 - The required clearance of 1.5m to any high risk hazard.
- In all other respects, the erection and proposed operation of the device complies with the Tauranga City Council's bylaws

Signed:

Dated:

Fees: \$10.00 first device for the first 7 days of operation. \$2.00 each additional device, for the first 7 days. \$1.00 each device for further period of 7 days or part thereof.
