The Historic Village has a Strategy with a vision that recognises the key role the Village plays in providing a multi-dimensional focal point for community activities. It also acknowledges the unique setting and character of the Village. The vision incorporates the dynamic nature of the work done by organisations there to create future directions for the community and environment.

The current strategic direction is for the site to be fully developed with high quality tenant relationships. The Village is to offer to visitors a vibrant mix of community and commercial entities. The important characteristic of diversity of the Village is what makes it unique and there is a drive to develop more of a boutique style retail facility for small local businesses to add to the character of the Village environment.
